A SEVERE BATTLE.

The Russian Fleet Emerged From Port Arthur and Was Attacked by Japs.

THE RESULT OF FIGHT UNKNOWN.

Chance of a Decisive Engagement Between the Russian and Japanese Armies is Disappearing.

Gen. Kuropatkin Has Withdrawn the Bulk of His Force North of Liao Yang—Japanese Army Numbers About 300,000 Men.

Tokio, Aug. 11.—The Russian fleet emerged from Port Arthur Wednesday and a severe engagement with the Japanese fleet lasting all day followed. The Japanese destroyers attacked the Russians at night. The results of the engagements are unknown. The Russian battleships Retvizan and Pobieda were seen outside Port Arthur Thursday morning.

St. Petersburg, Aug. 11.—Again the chance of a decisive battle between Gen. Kuropatkin and the commander of the Japanese armies seems to be disappearing. According to a statement issued by the general staff Wednesday night, rains are again falling over a wide area in Manchuria, with the prospect of impeding operations, but even more important is the information reaching here from an exceptional source that the Japanese have once more delayed too long.

Gen. Kuropatkin has now withdrawn the bulk of his army safely north of Liao Yang, leaving only a strong rear guard line southeast of Liao Yang to contest the advance when it comes.

According to this information, the Japanese have about 300,000 men in the armies operating against Gen. Kuropatkin, rendering it too hazardous for him to risk a general engagement.

Discounting the fall of Port Arthur and the disastrous defeat of Gen. Kuropatkin at the hands of the combined Japanese armies, some diplomats are already speculating upon the situation in which the combatants would be left and the question as to whether it is possible that a way would be opened for peace. The almost unanimous opinion is that with her present record of victories combined with the financial difficulty of continuing the war indefinitely, Japan would welcome peace, and the almost equally unanimous verdict is that Russia would adopt a contrary course. Even should every Russian soldier be driven out of Manchuria, the diplomats believe that Russia could not afford to yield, but would be compelled to doggedly continue the war, collect another army in Siberia and take the offensive next year.

Several keen diplomats are, however, of the opinion that Japan by a clever coup in the event of Kuropatkin being routed might perhaps force the powers to intervene in a way that Russia could not resist. One diplomat representing a European power at the court of Emperor Nicholas said: "Secretary Hay's note opening a way for the guarantee of the administrative entity of China to which all the powers subscribed in principle may after all become the means of bringing about peace. If Japan, pushing the Russian military forces out of Manchuria and obtaining undisputed possession should then formally relinquish the province to China its real owner and call upon the powers under their guarantee to protect the entity of the Celestial empire, I do not think the powers could escape responsibility."

ABUSIVE EPITHET.

The Court Asked to Decide Whether Term "Happy Hooligan" Is One.

Newport, Ky., Aug. 11.—Whether the term "Happy Hooligan" applied in anger is an abusive epithet, was the question which Squire Donelan, of Newport, was called upon to decide Wednesday during the trial of Mrs. Salzman, of Cote Brillante, on a peace warrant.

Valentine Dietz entered the complaint. He alleged that every time he approached his home he was greeted by sundry improper epithets, one of which was the name of the cartoon character "Happy Hooligan." He also alleged that on one occasion Charles Salzman had advanced toward him in a threatening manner, armed with a rock and knife.

Squire Donelan dismissed Mrs. Salzman, holding that the evidence did not justify placing her under bond. However, he gave some sound advice to all parties.

FIRST STEP TAKEN.

Paducah, Ky., Aug. 11.—The board of education in Paducah has taken the first steps toward fighting the new school book law. It has readopted for the coming session the books used last year, the members of the board declaring that they do not believe the law applies to second class cities, and do not think county judges, attorneys and superintendents are competent to judge of the best books for the city schools.

THE ELEVENTH DISTRICT.

Seemingly D. C. Edwards Has a Majority of About 1,000.

Louisville, Ky., Aug. 11.—Returns from the Eleventh congressional district primary received up to late Wednesday night do not alter the probable success of D. C. Edwards over Dr. Godfrey Hunter. Edwards' seemingly majority Wednesday night is about 1,000. It is reported Dr. Hunter will contest.

PARKER ACCEPTS.

Formally Notified of His Nomination For the Presidency by Democratic Convention.

SET FORTH HIS VIEWS IN A SPEECH

The Judge's Pledge Not to Accept a Second Term if He Was Elected Aroused Considerable Interest.

As Mr. Parker Spoke His Closing Words the Band Struck Up "The Star-Spangled Banner" and a Salute Was Fired.

Esopus, N. Y., Aug. 11.—Judge Alton B. Parker Wednesday received formal notification of his nomination for the presidency of the United States as the candidate of the democratic party, and in accepting gave public expression for the first time of his views on the issues of the campaign.

The notification was brought to him by Representative Champ Clark, of Missouri, as chairman of the committee representing every state and territory in the union. Mr. Clark, in a brief speech, informed the candidate of his nomination and presented to him a formal communication signed by the committee.

Standing bareheaded during a brief lull in the rain storm which had lasted since soon after daylight, Judge Parker accepted the nomination and set forth his views in a speech that evoked frequent and hearty applause. He spoke for a little more than half an hour.

The ceremony was held on the lawn at Rosemont, under the trees at the north of the house, and was attended by upwards of 600 people, the largest number of whom came from New York city with the notification committee on the steamer Sagamore. The company included many democrats of national prominence as well as a large and representative delegation from Tammany hall.

During most of the time occupied by Champ Clark's speech the rain was falling in a steady drizzle, but it stopped entirely just as Judge Parker began his address, and held off until he finished.

Representative Clark was speaking and Judge Parker was standing bareheaded without shelter when a man in the crowd yelled: "Somebody hold an umbrella over Judge Parker."

A number were immediately offered, but the judge refused them with a courteous wave of the hand.

While Judge Parker was speaking there was no need of shelter. The rain stopped and not a breath of air stirred. In the stillness, every word could be heard distinctly to the farthest borders of the crowd.

The speech was heard with closest attention and applause, frequently punctuated it. The candidate's audience awoke to a high pitch of enthusiasm when he spoke of militarism and imperialism.

"Ours is a world power," said he, "and as such it must be maintained, but I deny that it is at all recently that the United States has attained that eminence."

When he enunciated this principle there came a burst of cheers that caused the speaker to wait a few minutes before he continued. His pledge not to accept a second term if he was elected aroused instant interest, which increased to marked enthusiasm when the speaker went on to explain his position. Then the crowd seemed to yield to the force of his reasoning and at the end of a particularly telling period toward the close of the speech it gave the candidate the greatest demonstration of the afternoon. It looked as though every man, woman and child in the throng surrounding the platform had a small American flag and as they cheered the waving flags almost concealed the occupants of the stand. The speaker waited for the applause to subside and then made his few concluding remarks.

As Judge Parker spoke his closing words the band struck up "The Star-Spangled Banner," and from the deck of the yacht Sapphire in the river below a number of bombs were fired in salute. Those bursting in the air released parachutes from which were suspended the national colors. Later there were whistle salutes from the steamer Sagamore, John Pierce's yacht Sapphire, and August Belmont's yacht, the Scout, which brought former Senator David B. Hill from Hyde Park.

After the ceremony all crowded up eagerly to shake the candidate's hand and to congratulate him upon his speech. The reception was continued on the veranda until after 4 o'clock, when the company broke up and the visitors returned to their boats and trains.

The committee thus far has inspected about 60 sites but has given no intimation as to which has impressed it most favorably. The commission probably will not report till October.

NEGOTIATIONS ON.

Determined Efforts Being Made to Settle the Stockyards Strike by Mediation.

ATTEMPT TO ARRANGE A MEETING.

If Strikers and Packers Will Come Together It Is Thought a Settlement Could Be Reached.

Mr. Gompers, President of the American Federation of Labor, Has Been Summoned From New York to Chicago.

Chicago, Aug. 11.—Determined efforts are now being made to settle the stockyards strike by mediation. Negotiations begun early Wednesday between the Retail Butchers and Grocers' association and representatives of several labor unions which would undoubtedly be involved in the strike should it be prolonged much longer, resulted Wednesday night in the appointment of a committee composed of those who attended Wednesday's meeting to negotiate with the packers in an attempt to bring about a joint meeting between the employers and the striking unions. It was the sentiment of all who attended the conference that should the meeting be arranged between the two opposing interests a settlement satisfactory to both sides could be reached.

Meantime Samuel Gompers, president of the American Federation of Labor, has been summoned from New York to come to Chicago and see if he can not accomplish something through mediation. Mr. Gompers will arrive Sunday morning.

Wednesday's meeting with the union leaders was called at the instance of the Butchers and Grocers' association because of the difficulty and inconvenience which would be caused the members of the association should the strike be spread to the Ice Wagon Drivers' and the Meat Wagon Drivers' unions. It was primarily a meeting of business men whose interests are not directly affected by the strike and of the representatives of the unions which would be drawn into the issue between the packers and the strikers, should the order declaring a boycott against the meat markets that are buying directly from the packers be indorsed by the teamsters' joint council.

When the packers were told of the intended visit of the intermediary committee all of them declined to make any comment on what if any success might be expected from the meeting.

We can not very well discuss this matter," said one of the packers' representatives Wednesday night. "Until we had some official notification as to what is expected of us at the meeting."

Under the direction of Mayor Carter H. Harrison, who was urged to take the step by a committee composed of labor leaders and several aldermen, an investigation into the sanitary conditions of the various packing plants where strike breakers are being housed, was begun Wednesday. Several of the plants were visited, but no flagrant violations of the law were found. In two of the plants the ventilation was found to be bad and the sleeping quarters rather crowded, but the employers promised to have these defects speedily remedied.

BONDSMEN THREATENED.

They Must Withdraw From the Bonds of Accused Rioters.

Denver, Col., Aug. 11.—Information was received Wednesday at the headquarters of the Western Federation of Miners that bondsmen for the men charged with crime in connection with the Victor riots of June, who have been released on bail, have been notified by a committee representing the citizens' alliance and mine owners' association that unless they withdraw from the bonds of the accused men they would be deported. All the bondsmen except one accordingly have called at the office of the district attorney and asked to be relieved of their responsibility.

STRIKE BREAKERS STRIKE.

Thirty-Eight Quit at Kansas City and Went to Labor Headquarters.

Kansas City, Aug. 11.—Thirty-eight strike breakers, who were taken into the Schwarzschild & Sulzberger plant Tuesday night and whose baggage was thrown into the Kaw river by union men, walked out of the packing house Wednesday and went to labor headquarters, where they were given union buttons. Most of the men are foreigners and several say they had large sums of money in the trunks and valises which were lost.

DEMOCRATIC TICKET.

For President,
ALTON BROOKS PARKER
of New York.

For Vice President,
HENRY G. DAVIS
of West Virginia.

For Congress,
JAMES N. KEOHE
of Mason County.

The Chicago Tribune has a cartoon of Senator Fairbanks, the Vice President candidate on the Republican ticket, holding with both hands to his seat in the Senate, while half-dozen or more hands are reaching for it. The chances are that he will continue to hold to the seat. His confidence in his election is not as great as Parker's nor his sense of propriety as largely developed.—Lexington Democrat.

Mr. Fairbanks can't afford to give up a good thing until he is compelled to. He's worth only three or four million dollars, you know.

JUDGE PARKER'S HONESTY.

Judge Parker is receiving as much praise from the press for his action in so promptly resigning his high office as Chief Judge of New York Court of Appeals as he did on his famous telegram to the St. Louis convention. It serves to strengthen the favorable impression the country has formed of the Democratic Presidential nominee of the St. Louis convention. "Recognition of the manliness and courage of the man will be generously accorded by fair-minded Republicans and Democrats," says the Chicago Record-Herald. "In tendering his resignation at this time Judge Parker emphasized two characteristics that can hardly fail to have great influence in shaping the popular estimate of the Democratic nominee: One is a proper and adequate conception of the decency and proprieties of a judicial position; the other is a moral and intellectual stamina that enables him to disregard the advice of politicians who have no ideas in politics that are not controlled by party expediency." If the Judge had waited until after next Monday to tender his resignation he could have made it impossible for a successor to his office to be nominated until next year, leaving the place open for him in the event of defeat this fall. This he was urged to do by some political advisers and friends. The advice was disregarded, and Judge Parker is now free to participate actively in the campaign without offending his own sense of the dignity and propriety of the judicial office, and without doing violence to the popular conception of what the bench should be and what it should stand for in this country."

The rain yesterday was general over the county and did a great deal of good, as corn and tobacco were needing it badly.

W. J. Rees, executor of the late W. T. Buckler of Carlisle, sold to Robt. Hardwick sixty acres of land on Hinkston, for \$1,575.

Rev. T. S. Buckingham has accepted a unanimous call from the Christian Church at Burkesville, Cumberland Co., Ky., and has entered upon his work there.

Mr. A. J. McDougle brought to the BULLETIN office Wednesday a Ponderosa tomato that weighed three pounds. It is probably the largest in the Maysville market this season.

The trustees of the Confederate Soldiers' Home, at Pewee Valley, have authorized the construction of a reservoir, fire escapes and fire extinguishers, taking almost all the legislative appropriation of \$54,000. Enough was reserved to provide a lighting system.

The latest in the way of trusts is said to be that of the Maysville saloon keepers. It is said they have forced the wholesalers to sign a scale of prices, claiming they were forced to do this as the wholesalers were seriously crippling their business and paying only half the license.

Mrs. J. H. Rogers is preparing to move into her new residence recently purchased from Dr. Reed. Dr. Reed will retain his office in the basement some time yet.

After twenty-four years of successful newspaper publishing J. A. Perry has sold the Manchester Signal to Frank Carroll of that place. Perry printed the first copy of Adams County New Era. Carroll takes charge after this week's issue.

Miss Anna Miller, who has been visiting her aunt Mrs. J. W. Piper, had one of her fingers so badly injured by the closing of a door on a C. and O. train while she was on her way to Vanceburg that the member had to be amputated at the first joint.

At a meeting in Cincinnati a few days ago an agreement was reached whereby the C. and O. coal will in the future go straight through to the lakes by way of the C. H. and D. In the past the coal trains of the C. and O. have had to be broken up at Cincinnati, and in many instances have lain in that city for days and even weeks.

Carlisle Mercury: "Rev. H. T. Musselman, pastor of the Baptist Church, Maysville, delivered a very interesting lecture at Park's Hill Monday night on 'The Negro, Whence, What, Where.' His lecture was not only a very entertaining one to those who are considering at this time the negro question, but it was a very instructive one."

Miss Martha Jane Campbell, aged thirty-one years, died Wednesday morning at 1 o'clock at her home near Shannon of consumption. She had been confined to her home about two months. Her father, one brother and five sisters survive her. She was a loving daughter and sister and will be greatly missed in her home and by her many friends. The funeral took place at 11 o'clock this morning at Shannon, Rev. Mr. Crane officiating. Burial at Shannon.

A most happy event of last evening was the celebration of the seventy-seventh birthday of Mrs. Mary G. Clarke at her home at the Hill House. All of her immediate relatives and a few intimate friends were present on this joyful occasion, and she was the recipient of many beautiful floral gifts that showed the love and esteem in which she is held. Mrs. Clarke is in the enjoyment of good health, and her many friends feel she is assured of many happy years yet in our midst.

Mr. A. F. Respass asks the BULLETIN to state that he is not an applicant for the position of Assistant Postmaster and has no intention of applying for the place. He already has a nice position that pays him much better than the Assistant Postmastership pays. Mr. Respass wants it understood that he is a Democrat, and if he had no position, he would not embarrass his Republican friends by asking for a place under them. The BULLETIN's information on which Wednesday's item was based came from a Republican news-gatherer, who it was thought knew what he was talking about.

The Cincinnati Times-Star says: "Dr. Sidney Lange, internecine at the city hospital, distinguished himself Tuesday by saving the life of Mattie Smith. The woman was sent to the hospital because of a constriction of the throat, and when she reached the ward she was unable to breathe and seemed to be dead. The doctor seized the first knife that he could lay his hands on and with a rapid thrust cut open the woman's throat. At once she began again to breathe through this artificial opening and Wednesday morning was doing nicely. But for the doctor's quick action the woman would have died." Dr. Lange is a son of Mr. Herman Lange, and formerly lived in Maysville.

NOT A PATENT MEDICINE

Hyomei, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hyomei with patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret but Hyomei gives its formula to all reputable physicians.

Is it not foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomei.

This treatment has been so successful, curing 99 per cent. of all who have used it, that Hyomei is now sold by J. James Wood & Son under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.

The Man Behind the Whiskers

Is getting a great deal the worst of it these days—is less of a hero, too, than he used to be. Ought to shavesky if he would make a decent showing against "the little brown men." Those Japs are smooth ones; safety razors must have invaded the Orient. Wouldn't it be great fun to sell every Russian soldier a "Star" and watch the fur fly? Carry the news to St. Petersburg and elsewhere that the Frank Owens Hardware Company controls the sale in Maysville of the original and only genuine "Three-Star" Safety Razor that saves time and money for men who shave themselves.
